About Myself

I am inspired by the virtues of honesty, humility, and composure. I find purpose in meaningful pursuits such as studying Islam, exploring science, and sharpening my design abilities, while also cherishing the time I spend with my family. Guided by trust, integrity, and firm moral principles, I seek to live a simple, truthful, and principled life, letting these values define my everyday actions.

Alhamdulillah, Allah has protected me from haram relationships and from having any girlfriend.

Our Expectations

I hope to find a partner who values simplicity, faith, and lifelong learning—someone who finds peace in both devotion and understanding, and who sees every aspect of life as an act of faith, trusting that nothing happens in vain, as all unfolds within Allah's perfect plan.
